bad.npc

so, the bad.slime is trying to take over huh? yeah she does that from time to time. idk why, idk what she wants i dunno if she even knows at this point she's shown up a lot in a lot of different forms but ultimately her goal is the same she expands her influence like a virus she gives the infected the illusion of free will and then snatches control back from them the second they're in her clutches, yk when they're really stuck in there.

anyway

you'll be okay.

just gotta figure out how to get her outta ur head.

hm?

oh no she's definitely in there. she's reading this right now. i can feel her thoughts on me. creepy isn't it?

your what? your slimegirl? mhm, that explains it. no yeah that's the easiest way in, that's her favorite doorway. "here's a fun new attraction" the bad ringmaster cries and all the little girls & boys come running for her toys~

yeah well it's not supposed to rhyme at all.

wym you couldn't hear it you're *reading*

yes, that's exactly what i said the first time what are you talking about.
